Dear Sir,

Subject: Change in Participation Interests in Blocks L21/48, L28/48 and L29/48

Reference is made to PTTEP Siam Limited or PTTEPS, an affiliate of PTT Exploration and Production Public Company Limited or PTTEP, who is the sole shareholder and the operator in the Exploration Blocks L21/48, L28/48 and L29/48.

PTTEP wishes to announce that on September 14, 2007, PTTEPS signed an Assignment Agreement with Resourceful Petroleum (Thailand) Limited or RPL to optimize the petroleum exploration risk. This has resulted in the participation interests of PTTEPS (operator) and RPL to 70% and 30%, respectively.

Blocks L21/48, L28/48 and L29/48, covering an area of approximately 12,000 square kilometers, are located in the north eastern region of Thailand. The petroleum concession of the blocks was awarded to PTTEPS on 8 December 2006. In 2007, PTTEPS plans to perform additional geological study in this area.

The change in the participation interests will be effective upon receiving the approval of the Supplementary Concession from the government.

Yours sincerely,

Somkiet Janmaha  
Vice President, Geosciences Division  
Acting President
